Installation of Cisco Packet Tracer

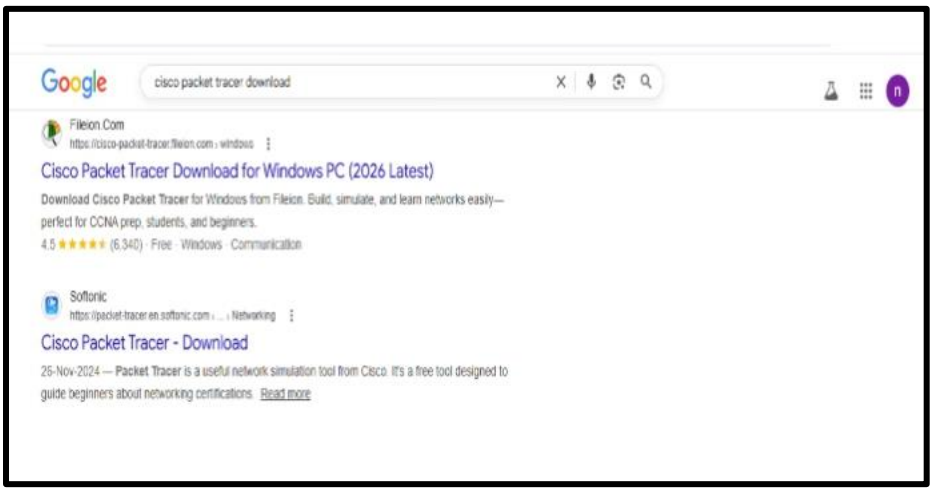
Here are the step-by-step instructions to install Cisco Packet Tracer on Windows:

- **Step 1: Search for Cisco Packet Tracer:**

1. Open Google Chrome.

2. Search for Cisco Packet Tracer download.

3. Open the official site of Cisco Networking Academy



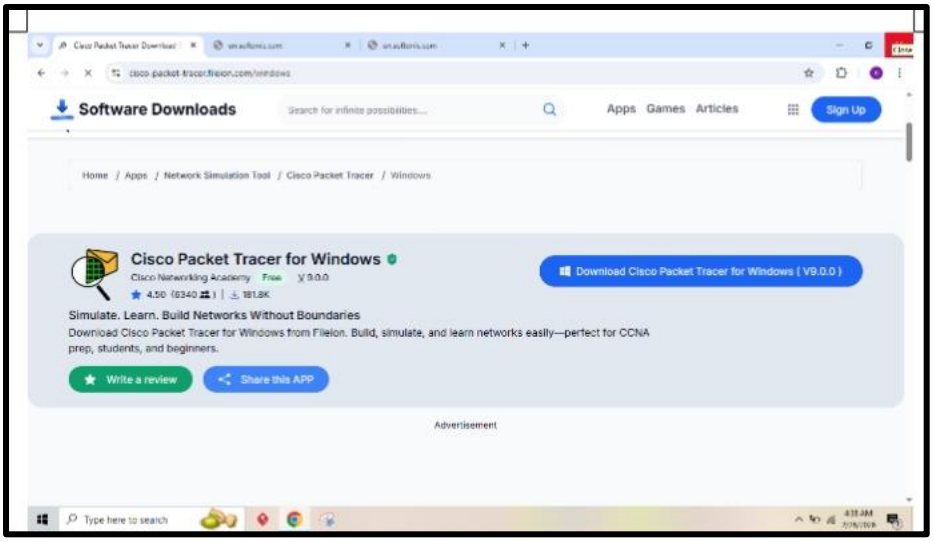
- **Step 2: Download the Software:**

1. Log in with your Cisco Networking Academy account.

If you don't have an account, create one first.

2. Click Download Cisco Packet Tracer for Windows.

3. Wait for the file to download.

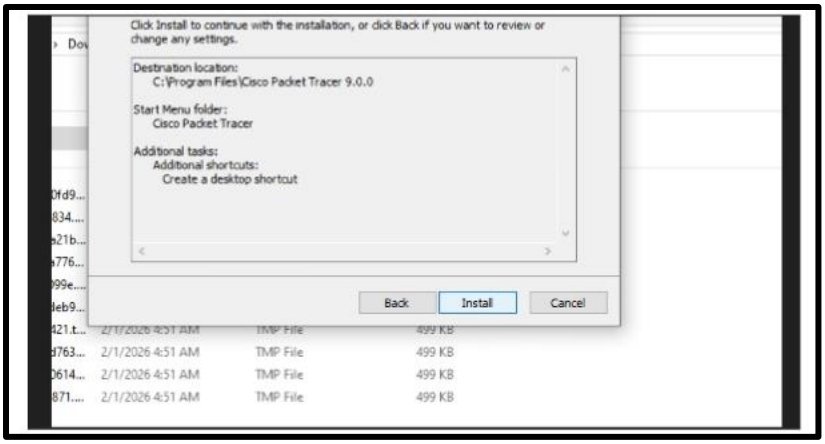


➢ Step 3: Open the Setup File:

1. Go to your Downloads folder.
2. Double-click the downloaded Packet Tracer .exe file.
3. If Windows shows a permission message, click Yes.

➢ Step 4: Start Installation:

1. The setup wizard will open.
2. Click Next.
3. Accept the License Agreement.
4. Click Next again.



➢ Step 5: Choose Installation Location:

1. Select the destination folder

(Example: C:\Program Files\Cisco Packet Tracer 9.0.0)

2. Click Next.

3. Choose to create a desktop shortcut (optional).

4. Click Next.

➢ Step 6: Install:

1. Click the Install button.

2. Wait for installation to complete.

3. Click Finish.

➢ Step 7: Open Cisco Packet Tracer:

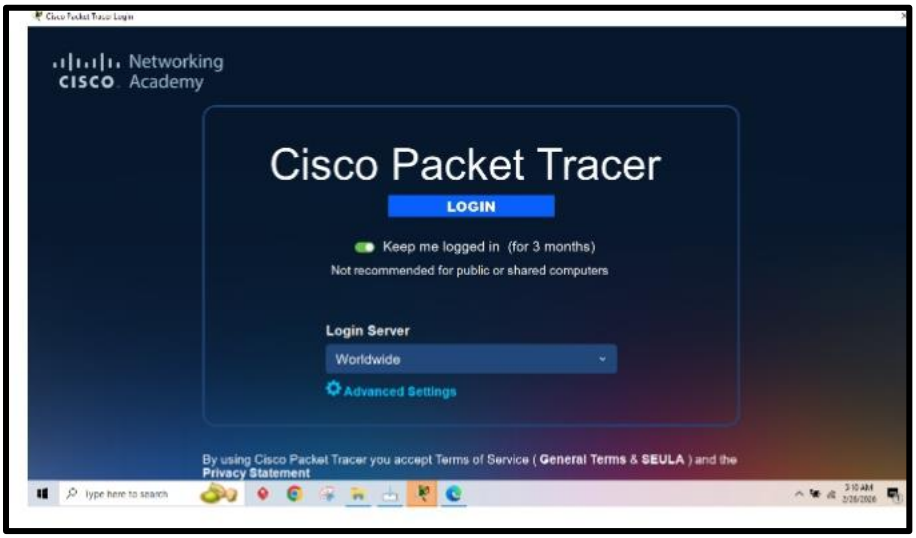
1. Double-click the Cisco Packet Tracer icon on the desktop.

2. The login screen will appear.

3. Select Worldwide Server.

4. Enter your Cisco Networking Academy login details.

5. Click Login.



*****THE END*****
